

ARTHS  
Eastbourne, 26 February 1996

Dear Mrs. Hickman,

I would like thank you for bringing the properties of Forever Living Aloe Vera to my attention. As you know I was feeling very low, with no energy, and painful arthritic joints, and since taking the Forever Living Aloe Vera I certainly have more 'get up and go', and considerably less arthritic pain.

I have recommended the Forever Living Aloe Vera to my relatives, who have reported beneficial results.

Yours sincerely,

Joy Crowson (Mrs).
